Parsons Band.

The famous Parsons Band of forty pieces will be the attraction next Thursday night at the Cairo opera house. This big musical organization comes to Cairo very highly recommended and has the distinction of being the pride of the state of Missouri. They travel in their own special Pullman cars. Mr. Parsons, the noted band master writes that he has secured the music selections from this year's largest New York success "Madam Sherry" and will include these selections in the specially selected program for Cairo. His program as arranged now will include a number of classical pieces as well as many ragtime and popular numbers from the latest musical comedies. Seats will be placed on sale Tuesday morning. Prices 25, 35, 50 and 75 cents.

Special Prices For Children.

A special price has been made children for the matinee today at the Cairo opera house. This afternoon for "The Blue Mouse" all children under twelve years of age will be admitted for 25 cents, any seat in the house.

"The Blue Mouse" Today.

To hear little Gertrude Hitz "pull off" the slangiest slang as "The Blue Mouse," will be a revelation to her friends who have heretofore known her as a demure thing. There is also a very much alive Mrs. Law ellyn and Papa Rollett, both of whom as well as the real Mrs. Rollett, are

Gertrude Hitz, "The Mouse," in "The Blue Mouse" at the opera house today matinee and night.

drawn into the general turmoil. Also there is a lover of the "Mouse" who comes all the way from Frisco just in time to get in the mix-up. The whole story of the farce, has been cleverly handled by Mr. Fitch. The cast required to present the piece is large, and it is with an excellent cast that Mr. E. J. Carpenter will present the play here for the first time this afternoon and tonight at the Cairo opera house.

OLSEN-LEWIS MATCH

Tuesday Night's Card at Opera House Will Be Best of Season so Far—Good Preliminaries.

With Olsen and Lewis in the main event and Lynch and the "Greek Demon" in the semi-main event, Tuesday night's wrestling tournament at the Cairo opera house will be the "classiest" of the season so far, although Promoter Walls is continuing negotiations with other wrestlers known all over the country, and reports that he is in a position to bring some more really big ones here.

Local enthusiasts are looking forward to the Olsen-Lewis match with great interest. That there is intense rivalry between these two grapplers is evidenced by the fact that in a finish match at Decatur some time ago the result was unsatisfactory to both. Lewis having sustained a severe injury, which handicapped him so that the victory was awarded to Olson under the rules. Olson is known as the champion light heavy-weight catch-as-catch-can wrestler of the United States. He weighs 186 pounds, while Lewis tips the beam at 200, or thereabouts.

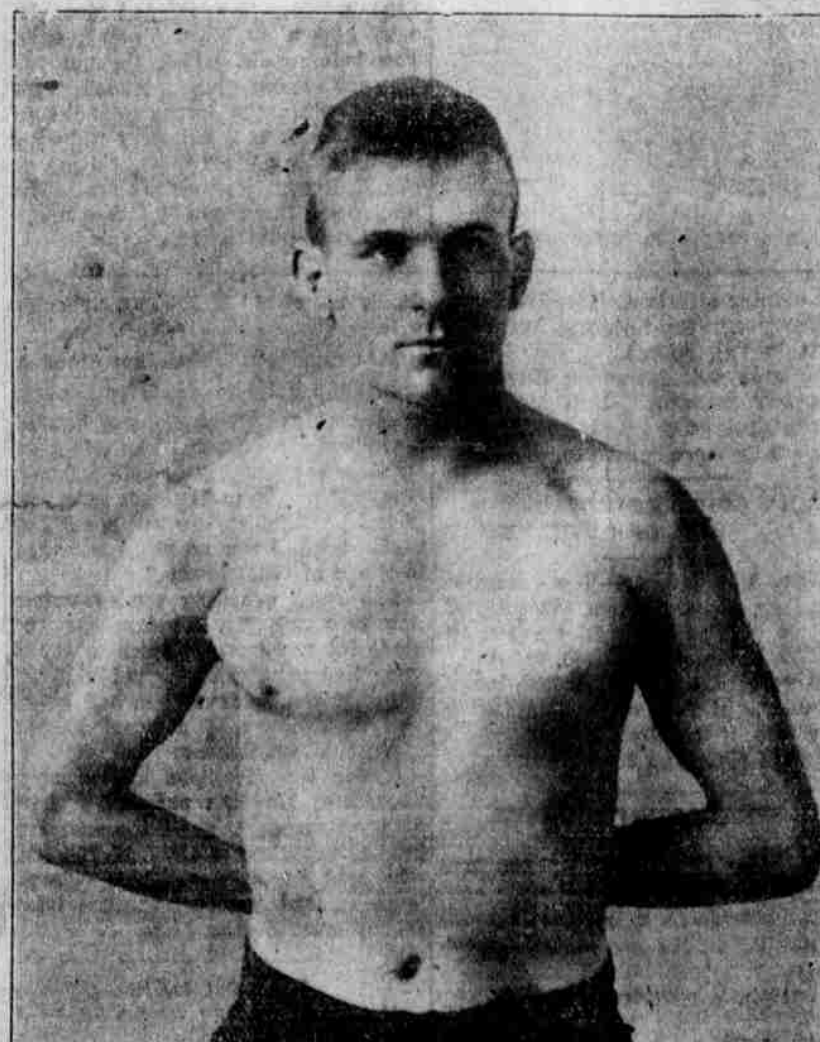

The match referred to above was refereed by Archie Lynch a Decatur man, who is scheduled to meet Tofalos here Tuesday night. Lynch has five pounds on the Greek, weighing about 170 pounds. But five pounds do not make much difference in big men as they do in lightweights or middleweights, still they make some difference, and if the Greek wins this match he will be compelled to exert his best efforts. This is not to say that Lynch will have a snap. Tofalos has been seen in action here and his work is declared to be of the order that makes the real wrestler.

Promoter Walls has arranged a couple of preliminaries that are guaranteed to furnish exciting contests and arouse enthusiasm.

The his fellows will arrive today or tomorrow.

B. McManus Jr.

The Shoe Man

809 Commercial Ave.

Cairo, Illinois

Mr. Will and W. J. Underwood have been busy for some time past fixing up the steel braces which are to be placed later inside of the concrete portion of the ties to take up the jar of the moving trains. Mr. Will is making twenty-five of these ties which are to be placed on the main line of the Mobile & Ohio railroad just opposite the electric light plant in this city. The concrete portion of these ties will not be made until warmer weather, so the ties will not be placed in the road bed until spring. The railroad officials will then, as well as Mr. Will, watch and see how they withstand the weight of the heavy trains which will pass over them for several months.

Mr. Will tells us that this tie can probably be placed on the market for \$1.25 or even less, for each tie, and if the tie will last for years, as the inventor believes it will, this is indeed a small price to pay for it.

meeting of interurban managers is being held here today with a view of forming a merger of all the interurban lines in Illinois and also planning to affiliate with the lines in Kentucky, Michigan and Ohio. It is believed that the real work behind the meeting is to perfect a working union with a view of not only holding their own but to make war on the steam lines and reach out for much of the business now going to the steam lines. The trolley magnates propose to go after mail and express contracts and will offer favorable and uniform rates for that class of business. The managers of the steam lines are watching the movements of the interurban men with much concern, as they see in them a combination that has not only unlimited money but men of brains and cunning.

CAUGHT GOLDEN EAGLE IN TRAP SET FOR COON.

(Vincennes Sun.)
Claude Wittemeyer of Emison, came to this city this morning and had in his possession a large eagle

which he had caught in a steel trap which was set in Mrs. H. Threlkeld's pasture in Washington township. The bird was a golden eagle and measured seven feet from tip to tip. Mr. Wittemeyer had baited his trap with a rabbit expecting to catch a coon. He found the bird in the trap and when it showed fight took a club and killed it. He brought it to this city and sold it to the University for \$5.00. The eagle is a young bird and a fine specimen of the golden eagle. It will be mounted.
